a WORLD from a SHEE PAPER

Take a sheet of paper.
By folding, stacking,
crumpling, tearing,
we will tour a rich
diversity of phenomena,
from geometry and magic tricks
to elasticity and the traditional
Japanese art of origami.
Much of the lecture consists of
actual table-top demos,
which you can try with
family and friends.

So then, take a sheet of paper . . .

TADASHI TOKIEDA

FRIDAY APRIL 15th, 4:30pm (TEA @ 4pm)
DUKE UNIVERSITY, PHYSICS 128
